Medical Support - We all know someone or a family that has been affected with Cancer. It is normal for family members and patients to feel volunerable. Emotional support may be needed. For those in need, I suggest that the American Cancer Society be contacted at 800-227-2345 or use their website at cancer.org. They provide service and support 24/7, 365 days a year. They have trained Cancer specialist who can provide accurate and up to date information to include resources.

Community Project for 3 area Nursing Homes – (Annual Project) **Thanks** to everyone for your generous support this year. It has been so successful and appreciative. Many of these shut-ins will reap from your generosity and put smiles on their faces. **Thank you!**

Labor Day is celebrated/ observed on **Monday September 3rd, 2018**. Labor Day is observed the first Monday of September. It is a day to celebrate the American labor movement and the achievement of workers. It also marks the end of the summer season. It is a federal holiday. All government offices and many businesses are closed. Labor Day originated by the Knights of Labor and the Central Labor Union. Oregon was the first state to make it a holiday on February 21, 1887. In 1894, it became a federal holiday, officially celebrated by thirty states. It was approved as a national holiday following the deaths of workers from the U.S. Marshals and military during the Pullman Strike. Have a safe and enjoyable weekend!
